EDUCATION

Caleb University   **Ikorodu,Lagos**
B.S. in Computer Science   *Expected Graduation, July 2027*

- o **Concentrations:** Backend Development, Software Engineering.
- o **GPA:** 4.97/5.00
- o **Related Coursework:** Object-Oriented Programming (OOP), Discrete Mathematics, Data Structures and Algorithms, Machine Learning, Artificial Intelligence, Computer Programming.

EXPERIENCE

Aco Multimedia   **Lagos,Nigeria**
Junior Web Developer and Instructor   *July 2024 – Present*

- Instructed 100+ students in Backend Development, covering topics such as database management, API integration and server-side programming.
- Collaborated with other instructors and developers to enhance course content and improve the platform's scalability and user experience.
- Currently developing an LMS platform for the company, enhancing functionality and user experience using modern technologies.

PROJECTS

E-Voting Project   **Lagos,Nigeria**
Solo Full Stack Developer   *Aug 2022 – Nov 2022*

- Developed a full-stack web application to facilitate high school elections.
- Designed a responsive frontend using Bootstrap, HTML, CSS, and JavaScript, and implemented backend functionality using PHP.
- Enabled secure voting and real-time result tracking, improving election transparency and efficiency for over 500 students.

AI & Machine Learning Classifier   **Lagos, Nigeria**
Team Lead   *April 2023– June 2023*

- Built a machine learning model to classify dataset inputs with high accuracy, using Python, Scikit-learn, and TensorFlow.
- Trained the model on a labeled dataset, achieving a prediction accuracy of 92.5%.
- Visualized data trends and model performance using Jupyter Notebooks, enhancing the interpretability of results.

SkillNest: Full-Stack E-Learning Platform   **Lagos,Nigeria**
Solo Full Stack Developer   *April 2024- Nov 2024*

- Developed a comprehensive e-learning platform from scratch, implementing both frontend and backend technologies,using Next.js, Node.js, and TypeScript.
- Implemented secure JWT authentication, Stripe payments, and real-time notifications
- Created responsive UI with admin dashboard and course management system
- Integrated MongoDB, Redis, and Socket.io for robust, scalable application

SKILLS

Programming: JavaScript, Python, SQL, HTML/CSS,Node.js,Express.js,React.js,Next.js
Tools: Bootstrap, Git, AWS, PyCharm, Jupyter Notebooks, Scikit-learn, TensorFlow
